

HOJIBLANCA, MANZANILLA AND GORDAL / FROM ANDALUSIA TO YOUR HOME

For those who create flavour.

Whole / pitted / sliced / stuffed

Every olive has its moment.

Hojiblanca, Manzanilla and Gordal: three Andalusian table olive varieties. Harvesting and processing follow the fruit's development.

THE GROVE'S RHYTHM

From blossom to product.

Blossoming

The cycle begins again.

Growth

The fruit develops.

Green harvest

Green olives are picked.

Processing

Selection and preparation.

FROM HARVEST TO APPLICATION

Table olives are selected and prepared. Brine and subsequent processing produce whole, pitted, sliced or stuffed products. Methods and specifications vary by product.

Indicative calendar · source: MAPA. General processes · International Olive Council.

The right cut.
